Hi Mike,

I hope you had a great Christmas and New Year.

It would be give you as call as you suggested – can you advise your office number?

Best regards

Dan.

Hello Dan

I'm traveling this week but if you would like you can call my office next week and I will have some availability. However the project is in its remedial investigative stage and CFAC is performing its own work with the EPA performing oversight. At this time we do not know what the remedy will be.

Thanks

Mike Cirian

Dear Mr Cirian,

I read with interest the article below with regards to the work needing to be done to remediate the old Aluminium Smelting site. We have a solution for such ground remediation and I wondered if you might have time for a quick telephone call so that I can discuss the technology we can offer as a potential solution?

http://www.flatheadnewsgroup.com/hungryhorsenews/epa-cfac-reach-deal-on-investigation-study/article_5daf64f6-97b9-11e5-abf9-a7c69e2bf0b1.html

I have attached a little info about us, please don't hesitate to contact me to discuss any further.

Best regards

Dan.
